Canton Symphony Chorus Concert (Chad Pittman, Director)

Dear Friends in Christ,

A little boy by the name Billy visited his grandmother in California one summer and almost wore her out with his vigorous activity. She was accustomed to living a peaceful, orderly life. He was perpetual motion, into everything, and nearly turned the house upside down everyday.

One night when they were both sound asleep, there was an earthquake. The grandmother was awakened by the house shaking and, in her concern, called out, "Billy, Billy!" Billy yelled back, "I didn't do it, grandma!" Well, Billy was a little like an earthquake at times to a grandma who liked her quiet lifestyle. (Treat For the Soul, 7/31/20)

John 20:19-23 recounts the story of Jesus appearing to his disciples after his resurrection. Jesus appearing to his disciples came like an earthquake, it turned everything in their lives upside down. This passage is a powerful reminder of the peace and power that come from encountering the risen Lord.

In this passage, we see the disciples gathered together, locked in the upper room, and filled with fear. They were afraid of the Jews and what might happen to them because of their association with Jesus. Suddenly, Jesus appeared to them, standing in their midst. He greeted them with these words, "Peace be with you."

Jesus knew that the disciples were afraid and troubled, so he spoke these words to calm their hearts and bring them peace. He then showed them his hands and his side, revealing the scars of his crucifixion. The disciples rejoiced when they saw the Lord, and their fear was replaced with joy and hope.

Jesus then breathed on them and said, "Receive the Holy Spirit." This act of breathing on the disciples was symbolic of the power and life-giving nature of the Holy Spirit. Jesus was empowering the disciples with the Holy Spirit, giving them the ability to carry out the mission he had given them.

In verse 23, Jesus tells the disciples that if they forgive anyone's sins, they are forgiven, and if they do not forgive them, they are not forgiven. This is a reminder that forgiveness is central to the gospel message. We have been forgiven, and we are called to extend that forgiveness to others.

As we reflect on this passage, we can take comfort in the fact that Jesus offers us peace, just as he did for the disciples. We may be facing fear, anxiety, or uncertainty, but we can find peace in his presence. We can also be reminded of the power of the Holy Spirit, which enables us to carry out the mission of sharing the gospel with others. Finally, we can remember the importance of forgiveness, both receiving it and extending it to others.

May we all experience the peace, power, and forgiveness that come from encountering the risen Lord.

Blessings,

Pastor Mark

Adult Sunday School Priorities for the Abundant Life

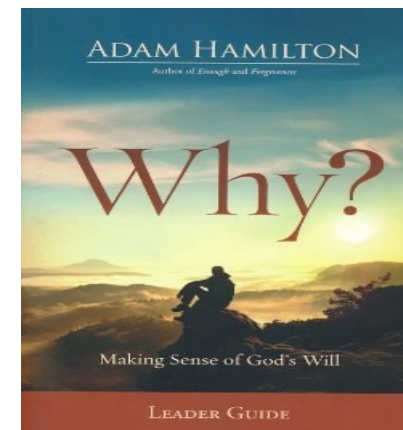

I came that they may have life and have it abundantly. (John 10:10b)

What should our priorities and values be if we presently live the abundant, resurrected life in Christ? We will wrap up our last month of Sunday School before the summer recess identifying and focusing on these priorities and values found in Scripture. Join us on the top floor of Parish Hall at 11:30 following Sunday worship. An elevator is available for easy access. (There will be no class on May 21 due to the congregational meeting.)

Thursday Morning Bible Study

Beginning April 27th, 10 am

Why?: Making Sense of God's Will

Why does God allow pain and suffering? Why can't I see God's will for my life? Why do my prayers go unanswered? We all wrestle with these and similar questions. ***Why? Making Sense of God's Will*** is a four-session book-and-video study that helps us make sense of these issues by exploring some of the "why?" questions we sometimes ask in the face of suffering.

Church Council Report to the Congregation

At the congregational meeting last August, a vote was held to gauge preferences for possible construction projects. These projects were particularly designed to improve accessibility in all areas of our church campus regularly used for ministry. In the following months it was concluded that additional information was needed to determine the most pressing needs related to accessibility and safety.

At the direction of the Executive Committee of Church Council, a representative task force was convened to assess the needs of our St. Paul's Church as it pertained to the buildings and surrounding areas. Identifying and prioritizing these needs would then give helpful direction for further maintenance, reconstruction, and construction projects.

Members of the Task Force included Sue Ambrosic (Kitchen Angels) Dan Farrar (Church Treasurer) Marsha Fortune (Community Meal) Don Gray (Property & Management) Jim Johnson (Property & Management) Karl Kalk (Worship & Church Music) Mark Kreemer (Pastor) Cindy Lash (Welfare & Social Action) Patty Long (Task Force Chair) Paul Mutchler (Renovation 2012) and Tracie Schmolt (Church Finance, Community Clothes Closet).

The Task Force met three times. Meeting one involved an extensive tour of all three buildings and the surrounding areas. Meeting two involved compiling a list of the most obvious needs, with the third gathering focused on discussing and ranking the identified needs and labeling each as a maintenance project (M) or a need more likely addressed through a capital campaign (C). It was acknowledged that neither area (M) or (C) would come without cost. With the completion of this final step, the task force arrived at recommendations to be forwarded to Church Council for its consideration. Thanks to the members of the task force for their insight and thoughtful work on behalf of the congregation. The complete Needs Assessment Task Force report is available on our church website under Church Council, then Church Council Minutes.

.

At the Congregational Meeting on May 21st, Church Council will propose that a capital campaign be organized to raise funds for several high-priority projects. It is the recommendation of Council that, as funds are available, we begin with safety and accessibility projects that could include:

- Reconstruction of the Harvard Street concrete steps, leading from the lower parking area.
- Installation of a building-wide fire alarm system.
- Parish Hall main floor handicapped-accessible restrooms (across from the lounge).
- Refurbishment of the Gleitsman Lounge.
- Replacement of the church building boiler.
- Driveway alignment and enclosure of the porte cochere.

It is our understanding that, using current pricing, these projects in total could easily cost \$300,000. This would begin phase one of the capital campaign. Please note that the recommendation includes the words “as funds are available.” Council’s concern for the physical needs of the buildings includes the need to see that the programming life of the church is not compromised. It is a balancing act with the intent that one should not suffer at the expense of the other. We appreciate your thoughtful consideration of this information and ask that you plan to attend the May 21st Congregational Meeting.

A final thought. Moving forward, we should be mindful that as a part of good stewardship, a thorough needs assessment for our church should be completed on an annual basis.

APRIL 2023 COMMUNITY MEAL AND COMMUNITY CLOSET

The season of Easter is always a special time here at St. Paul's. There is much need in our community, and we are blessed to be able to share God's love through this ministry.

Our monthly Community Meal and Community Closet was held on Friday, April 14th. Our Easter themed menu consisted of ham, mashed potatoes and gravy, green beans, applesauce, dinner roll, choice of beverage, and a piece of cake for dessert. The cake was donated by one of our church members who supports this ministry.

The number of meals served was 74. Last month the number served was 73. There was plenty of food, including "seconds" for everyone.

Both our Community Closet and "special additional needs" tables were very busy once again. Our attendees have many needs and we are so privileged to be in a position to help them. Your donations of time and gifts are much appreciated. Call the church office (330-832-7409) to find out how you can help.

St. Paul's Community Meal and Community Closet provide a free meal and clothing for all on the 2nd Friday of each month. Our next opening is Friday, May 10, from 4:30 to 6:00. As always, we thank you for your many prayers and continued support of this much needed ministry.

Christ is risen! He is risen indeed! Alleluia!

Jack and Marsha Fortune

Stewardship Message
Care of Creation
Why should we create a compost bin this Spring?

Composting is the process of breaking down organic materials, such as food waste and yard debris, into nutrient-rich soil. There are many reasons why composting is beneficial:

Reducing waste: Composting diverts organic waste from landfills, reducing the amount of waste that ends up in landfills and the associated environmental problems such as greenhouse gas emissions and water pollution.

Improving soil health: Compost adds valuable nutrients to soil, improving its structure, water retention, and ability to support healthy plant growth. It also increases the microbial activity in soil, which can reduce the need for chemical fertilizers and pesticides.

Saving money: Composting can reduce the need for fertilizers and soil amendments, which can save money in the long run. Additionally, some municipalities offer free or reduced-cost compost to residents, which can be used for gardening and landscaping.

Conserving water: Compost helps soil retain water, reducing the need for irrigation and conserving water resources.

Promoting sustainability: Composting is a sustainable practice that supports a circular economy by turning waste into a valuable resource. It reduces our reliance on fossil fuel-based fertilizers and supports the health of our environment and communities.

Overall, composting is an easy and effective way to reduce waste, improve soil health, save money, conserve water, and promote sustainability.

For more information on how to create your own compost bin go to: <https://www.epa.gov/recycle/composting-home>

Flowers

As of February 1st, 2023 there will be a slight increase to the flower costs. The altar flowers will now cost \$40 per Sunday, and the Throne flowers will now be \$28. You will still be billed from Carmola Flowers. Please contact Patty Carmola if you have any questions at 330-832-9405

St. Paul's still relies on endowment funds to meet our current budget. One of the ways we hope to minimize our reliance on these funds is through a special offering on the 5th Sunday of the month.

In the fiscal year, there are three months with 5 Sundays of the month to reduce the deficit. Our Challenge is that each family prayerfully consider making an extra week of offering for this fiscal year.

If you cannot make a full extra week of offering? Perhaps, you can spread it out over a few weeks, or even just a few dollars can make a difference. Every dollar adds up and with each donation we can greatly reduce or eliminate our reliance on endowment funds!
